Cooking Appliances

MWP 250 GS

Microwave Pizza Oven

- Microwave power: 900W
- Grill power: 1000W
- Pizza compartment power: 1400W
- Capacity: 25L
- 8 auto menus
- Digital control
- Auto defrost by weight
- Pizza oven
- Stainless steel face

MW 395 FRS/FRW

Microwave Oven with Rotisserie

- Microwave power: 1450W
- Grill/convection: 1100W/2500W
- Capacity: 30L
- 95-minute timer
- Different functions: defrost, microwave, grill, combination, convection and rotisserie

MW 395 FRS

MW 395 FRW

MW 385 FRS/FRW
Microwave Oven with Rotisserie

- Microwave power: 1450W
- Grill/convection: 1100W/2500W
- Capacity: 30L
- 95-minute timer
- 10 cooking menus
- Stainless steel inner body

MW 385 FRS

MW 385 FRW

MW 315 FRSM
Microwave Oven with Rotisserie

- Microwave power: 1450W
- Capacity: 30L
- 10 auto cooking menus
- Digital control panel with 95 minute timer
- Glass turntable diameter: 315mm
- With grill, convection and rotisserie functions

MW 305 FRSM

Microwave Oven With Rotisserie

- Microwave power: 1450W
- Capacity: 30L
- With grill, convection and rotisserie functions
- 10 auto cooking menus
- Glass turntable diameter: 315mm
- 5 microwave power and defrost settings
- Cooking end signal and fan prolonged protection
- Digital control panel with 95 min. timer
- Stainless steel cavity and silver cover

MW 325 FRS

Microwave Oven With Rotisserie

- Microwave power: 1450W
- Grill power: 1100W
- Convection power : 2500W
- Capacity: 32 L
- 95-minute timer
- Stainless steel inner body
- 9 cooking menus

MW 307
Microwave Oven with Grill

- Microwave power: 1450W
- Grill power: 1000W
- Capacity: 30L
- 99-minute timer
- White enamel covered inner body
- Functions: defrost, microwave, grill and combination

MW 307 GW

MW 307 GS

MW 306 GS/GW
Microwave Oven with Grill

- Microwave power: 1450W
- Grill power: 1000W
- Capacity: 30L
- 95-minute timer
- 8 cooking menus
- 2 defrosting modes with weight and time
- Functions: defrost, microwave, grill and combination

MW 306 GS

MW 306 GW

MW 350 GS/GW
Microwave Oven with Grill

- Capacity: 30L
- Convection power: 2500W
- 95-minute timer
- 10 food memories
- Stainless steel inner body
- With fan and rotisserie function
- Functions: defrost, microwave, grill, combination, convection

MW 350 GW

MW 350 GS

MW 405 GS
Large Microwave Oven with Grill

- Microwave power: 1100W
- Grill power: 1200-1400W
- Capacity: 42L
- 99-minute timer
- Stainless steel inner body
- 7 food memories

MW 175 GW
Microwave Oven with Grill

- Microwave power: 800W
- Capacity: 20L
- 8 auto menus
- 5 microwave power levels
- Defrost setting
- Child safety lock

MW171 GW
Microwave Oven

- Microwave power: 700W
- Grill power: 1000W
- Capacity: 17L
- 95-minute timer
- 8 cooking memories
- Enamel coated inner body
- Functions: defrost and microwave

MW 172 GW
Microwave Oven with Grill

- Microwave power: 700W
- Grill power: 1000W
- Capacity: 17L
- 30-minute timer
- 8 cooking memories
- Enamel coated inner body

MWB 434 FS/FW
Built-In Microwave Oven

- Capacity: 44L
- Power: 900W
- Grill & convection power: 1750W
- Dimensions: 568x454.5x594mm
- 90-minute timer
- Stainless steel inner body
- Functions: defrost, microwave, grill, combination and convection

MWB 434 FW

MWB 434 FS

EO 76
Electric Oven

- Power: 600W
- Capacity: 7L
- 15-minute timer
- 3 different functions of upper element, lower element and both of them
- Temperature and function adjustment knob
- Auto turn off and alarm beep
- White, black and silver

EO 76 BK

EO 76 SBK

EO 96
Electric Oven

- Power: 600W
- Capacity: 9L
- 15-minute timer
- Upper and lower heating elements
- Perfect for grilling, baking, and toasting
- With tray and rack for grilling
- White, black, blue and yellow
- Auto turn off and alarm beep

EO 96 BK

EO 96 W

EO 96 SB

EO 96 Y

EO 018
Electric Oven

- Power: 800W
- Capacity: 10L
- 30-minute timer with auto turn off and ready bell
- Temperature control up to 250°C
- Perfect for grilling, baking and toasting
- 2 pieces top and bottom Quartz heating elements
- With heating element select knob
- Operation indicator
- With bake tray and wire rack

EO 261
Electric Oven

- Power: 1600W
- Capacity: 26L
- 60-minute timer
- 8 different functions: upper element, lower element, both of them, convection, 2 combinations, rotisserie and defrost
- Temperature, time and function adjustment knob
- Auto turn off and alarm beep
- Grill rack and rotisserie
- Black, silver and silver blue

EO 262
Electric Oven

EO 262 BK

EO 262 W

- Power: 1500W
- Capacity: 26L
- 60-minute timer
- Convection and rotisserie functions
- Cooking tray with porcelain cover
- Stainless steel body
- Auto turn off and alarm beep

EO 262 SBK

EO 402
Digital Electric Oven

- Power: 2000W
- Capacity: 43L
- 9 different functions: pizza, convection, toast, slow cooker, roasting, rotisserie, broil, keep warm and defrost
- Complete accessories: cooking tray, cooking shelf, tong, rotisserie and so on
- Equipped with 4 effective stainless steel elements, easy cleaning and modern design
- Digital control panel with blue LCD

EO 282
Electric Oven

- Power: 1600W
- Capacity: 28L
- 60-minute timer
- Convection and rotisserie functions available
- Temperature control up to 250°C
- Stainless steel top and bottom heating elements
- Porcelain coated bake tray
- Heating element selector and indicator
- Auto turn off and ready bell

EO 202 D
Digital Electric Oven

- Main power: 1400W
- Pizza oven power: 1000W
- Capacity: 24L
- 9 functions for different cooking: defrost, keep warm, standard bake, convection bake, slow cook, roast, broil, rotisserie and lower oven
- Inner cavity coated by non-stick for easy cleaning and stainless steel finishing with fashion design
- Professional lower pizza oven for perfect 12 inch pizza cooking
- Two independent heating element systems for better cooking
- With bake tray, bake rack, tray handle, crumb tray and rotisserie set

EO 602
Electric Oven

- Power: 2000W
- Capacity: 60L
- 60-minute Timer
- Temperature control up to 250°C
- Operation Indicator
- Stainless steel top and bottom heating elements
- Heating element selector
- With convection and rotisserie functions
- Auto turn-off and ready bell
- With enamelled bake tray, chrome wire rack, tray handle and rotisserie set
- With crumb tray for easy cleaning

EO 205
Electric Oven

- Power: 2000W
- Capacity: 53L
- 60-minute timer
- 6 different functions: upper element, lower element, both of them, convection and 2 combinations
- Temperature, time and function adjustment knob
- 3 pizza cooking trays with inner light
- White and black colors

EO 205 BK

EO 205 W

EOB 622
Built-In Digital Electric Oven

- Power: 3100W
- Capacity: 60L
- 10- hour timer
- 6 different functions: upper element, lower element, both of them, rotisserie, defrost and convection
- Temperature and function selector
- Temperature adjustment from 50 to 240°C
- Black, white and silver
- Digital display
- Auto turn off and ready bell alarm

EOB 622 BK

EOB 622 S

RCL 1590 D
Rice Cooker with Smart Lid

- Power: 900W
- Capacity: 1.5L
- Digital display and 24 hour timer
- Washable stainless steel keep warm lid with pressure bearing
- Smart lid
- Non - stick and incombustible coated pot
- Fuzzy logic temperture control
- 8 different functions: quick, traditional, beans, crispy rice, steam and soup Reheating and keep warm functions
- 70% Energy saving

RCL1000 D
Smart Rice Cooker

- Power: 900W
- Capacity: 1.5L
- Digital display and 24 hour timer
- Non-stick and incombustible coated pot
- Fuzzy logic temperture control
- 12 different functions: quick, traditional, cake, yoghurt, crispy rice (3 cooking levels), rice, steam, soup, reheating and keep warm
- Preset function
- Non-stick coated pot

RCL 1000 WD

RCL 1000 BD

RC 25 D

Mini Rice Cooker With Voice Reminder

- Power: 430W
- Capacity: 0.63L
- 10 different Functions: crispy rice, normal rice, yoghurt, slow cooker, porridge, soup, cake, steam, baby food and reheat
- Removable inner lid for easy cleaning
- Sensor touch control with sound reminder
- Breathing light decoration on control panel
- 3D heating structure for superior rice taste

RC 95 D

LED control panel Rice Cooker

- Power: 900W
- Capacity: 1.5L
- Digital display and 24-hour timer
- Washable stainless steel keep warm lid with pressure bearing
- Non-stick and incombustible coated pot
- 9 different functions: quick, traditional, crispy rice, steam, soup, reheat and keep warm
- 15-hour timer with digital display

RC 97 SD
Rice Cooker

- Power: 900W
- Capacity: 1.8L
- Digital multi color 24-hour timer
- 9 different functions: quick, traditional, yoghurt, crispy rice, steam, soup, keep warm and reheat
- Non - stick coated pot

RC 92 SD
Rice Cooker

- Power: 800W
- Capacity: 1.5L
- Digital multi color 24-hour timer
- 9 different functions: quick, traditional, yoghurt, crispy rice, steam, soup, keep warm and reheat

RC 71 SD

Mini Rice Cooker With Voice Reminder

- Power: 700W
- Capacity: 1L
- Digital and multi color display and 24 hour timer
- Washable stainless steel keep warm lid with pressure bearing
- Non-stick and incombustible coated pot
- 8 different functions: quick, traditional, yoghurt, crispy rice, steam, soup and reheat
- Keeping - warm function

RC 96

Rice Cooker

- Power: 900W
- Capacity: 1.8L
- LCD display
- Up to 24-hour preset timer
- Reminder for each button press
- 3-Setting crispy rice to meet your requirement for different taste.
- Shortcut Keys especially designed for crispy rice function
- Multi-function: slow cooker, yoghurt, cake, steam and stew
- Count backwards for cooking time
- 2.0mm super durable non-stick inner pot, designed especially for crispy rice

RC 61
Rice Cooker

- Power: 650W
- Capacity: 1L
- LCD display
- Up to 24-hour preset timer
- Reminder for each button press
- 3-Setting crispy rice to meet your requirement for different taste.
- Shortcut Keys especially designed for crispy rice function
- Multi-function: slow cooker, yoghurt, cake, steam and stew
- Count backwards for cooking time
- 2.0 mm super durable non-stick inner pot, designed especially for crispy rice

RC 91 D
3D Heating Rice Cooker

- Power : 900W
- Capacity: 1.5L
- 8 different cooking functions
- 15-hour timer with digital display
- Non-stick coated pot
- Keeping-warm and reheating function for rice cooking
- With different functions including yoghurt, cake and so on
- With steam cooking basket
- With cord rewinder

RC 62 D
3D Heating Mini Rice Cooker

- Power : 645W
- Capacity: 0.6L
- 8 different cooking functions
- 15 hour timer with digital display
- Non-stick coated pot
- Keep warm and reheat function for rice cooking
- With different functions like yoghurt, cake and so on
- With steam cooking basket

RC 153
Rice Cooker

- Power: 650W
- Capacity: 1.5L
- Digital multi color 24-hour timer
- 7 different functions: quick, traditional, yoghurt, cake, porridge, soup, steam & stew
- Non stick coated pot
- With 5 different colors

RC 152
Rice Cooker

- Power: 650W
- Capacity: 1.5L
- Digital multi color 24-hour timer
- Different functions: yoghurt, slow cooker, cake, crispy rice, steam, stew, soup, keep warm and reheat

PC 606 SD
Multi Function Pressure Cooker

- Power: 1000W
- Capacity: 5L
- 10 Safety Mechanisms
- Super Large LED Display
- Durable Inner pot and Detachable lid
- 16 functions under Menu
- Fish, Meat, Chicken, Lamb, Vegetable, Bean, Nuts, Crispy Rice, Porridge, Soup, Rice, Steam, Cake, Stir Fry, Yoghurt, Slow Cooker
- Fast cooking saving up to 70% of energy

PC 605

Multi Function Pressure Cooker

- Power: 1000W
- Capacity: 6L
- 10 Safety Mechanisms
- On-Demand Pressure: 1-30 minutes adjustable for various food
- Super Large LCD Display
- 10 Smart Buttons
- Cake/Cheese/Yoghurt/Slow Cooker/Abgusht/Khoresht/Meat&Chicken/Bean&Tendons/Crispy Rice/Fryer: Cooking Steak , Egg and etc
- Fast cooking saving up to 70% of energy

PC 604

Multi Function Pressure Cooker

- Power: 1000W
- Capacity: 6L
- 10 Safety Mechanisms
- On-Demand Pressure: 1-30 minutes adjustable for various food
- Super Large LCD Display
- 8 Smart Buttons Cake/Reheat/Yoghurt/Slow Cooker/Steam Cooking/Soup/Meat & Chicken/ Bean & Tendons / Crispy Rice/Simple Rice: Normal rice without crust
- Fast cooking saving up to 70% of energy

PC 603
Multi Function Pressure Cooker

- Power: 1000W
- Capacity: 6L
- 11 different cooking functions
- Stainless steel inner and outer body
- Digital display
- Preset function
- With yoghurt, steam cooking, slow cooking, rice cooking and so on
- 70% energy saving

PC 602
Multi Function Pressure Cooker

- Power: 900W
- Capacity: 6L
- 11 different cooking functions
- Stainless steel inner and outer body
- Digital display
- preset function
- With yoghurt, steam cooking, slow cooking, rice cooking and so on
- 70% energy saving

PC 601

Multi Function Pressure Cooker

- Power: 1000W
- Capacity: 6L
- 10 Safety mechanisms
- Pressure cooker and crispy rice maker in one
- Multi Function: Reheat, porridge, rice, meat, chicken, steam, soup, tendons, beans, cake
- Fast cooking saving up to 70% of energy

PC 601 BD

PC 601 CD

PC 600

Multi Function Pressure Cooker

- Power: 900W
- Capacity: 5L
- 9 safety mechanisms
- Porridge, rice, meat, chicken, stew, soup, bean, tendons and cake function
- Knob control with indicator light

CO 108 M
Convection Oven with a spoon oil

- Power: 1250-1450 W
- Capacity: 8-12L
- Multifunctional cooker: Cooks many ways; Broils, Roasts, Bakes, Grills, BBQ, Broils without water, defrosts, disinfects
- Quick Cooking: Cook 2-3 times faster than standard oven, Saving up to 60% energy
- Air fry potato chips with a spoon of oil!
- 60 - minute timer
- Healthy cooking: No soot, Non-radiative, oil and fat free

1 spoon oil

CO 146
Digital rotating Convection Oven

- Power: 1200-1400W
- Capacity: 11-15L
- Extension ring for volume adjustment
- With halogen lamp and 3 fan settings
- Digital control panel
- Adjustable heating temperature
- Possibility of frying foods rotationally

CO 135 D
Digital Convection Oven

- Power: 1300W
- Capacity: 11-15L
- Extension ring for volume adjustment
- 3 fan settings
- Digital control panel
- Adjustable cooking temperature

CO 109 FRD
Digital Convection Oven
Frying with 1 spoon of oil

- Power: 1000W
- Capacity: 9L
- With halogen and 3 fan settings
- Digital control panel
- Adjustable heating temperature from 60 to 200°C
- 200-minute timer
- Frying food rotationally and just with 1 spoon of oil

1 spoon oil

CO138 D
Digital Halogen Convection Oven

- Power: 1300W
- Capacity: 18L
- With halogen and 3 fan settings
- Digital control panel
- Adjustable heating temperature from 50 to 250°C

CO 145 D
Digital Halogen Convection Oven

- Power: 1200 -1400W
- Capacity: 11-15L
- Extension ring for volume adjustment
- With halogen lamp and 3 fan settings
- Adjustable cooking temperature
- Food cooking with convection

CO 110 M
Halogen Convection Oven

- Halogen element power: 1000W
- Capacity: 9L
- With halogen element, fan and adjustable heating temperature
- Mechanical control panel
- 200-minute timer

CO 107 SL
Convection Oven + Slow Cooker

- Halogen element power: 1000W
- Lower slow cooker power: 350W
- Capacity: 6.5L
- With halogen element
- Nice for soup, stew, traditional foods and so on
- Separate controllers for halogen and keeping-warm plate

SL 267 D
Digital Slow Cooker with Doul Pot

- Power: 260W
- Capacity: 7L
- Dual inner pot
- Tempered glass lid
- Digital LED display with working time reminder
- Oval style
- Stainless steel handles

SL 287 D
Digital Slow Cooker with Doul Pot

- Power: 280W
- Capacity: 7L
- Ceramic washable pot and glass lid
- 10 - hour timer
- keep warm function

SL 175 D

Digital Slow Cooker with French Design Pot

- Power: 170W
- Capacity: 5L
- Special ceramic pot and glass lid
- Programmable control panel
- Stainless steel body

SL 176 D

Digital Slow Cooker with French Design Pot

- Power: 170W
- Capacity: 5L
- Special ceramic pot and glass lid
- Programmable control panel
- Stainless steel body

SL 100
Slow Cooker with Glass Pot

- power: 240W
- Capacity: 5L
- Tempered glass lid
- Temperature setting Off, Low, High, Auto
- Power on light
- Removable Glass pot
- Stainless steel housing

SL 163
Slow Cooker

- Power: 160W
- Capacity: 3.5L
- Ceramic washable pot and glass lid
- 3 fan settings: lower, medium and high

SL 92
Mini Slow Cooker

SL 92 S

SL 92 W

- Power: 75-90W
- Capacity: 2L
- Ceramic pot and glass lid
- 3 adjustable settings: low, medium and high

SC 98 SD
Digital Steam Cooker

- Power: 750W
- Water tank capacity: 1.5L
- 3 steam cooking pots with 6-9L capacity
- Rice pot capacity: 1.4L
- Steam cooking from 1 to 90 minutes
- Auto turn-off function
- Nice display and alarm beep
- Stainless steel cooking trays

SC 97
Digital Steam Cooker With
Touch Panel Control

- Power: 800W
- 3 cooking pots with 9L capacity
- Digital timer and controller
- Quick steam emission
- Automatic keeping-warm

SC 97 DB

SC 97 DW

SC 89 SD
Digital Steam Cooker

- Power: 800W
- 3 cooking pots with 6-9L capacity
- 90-minute timer with automatic keep warm function and water level indicator
- Start steam emission in less than 40 seconds
- Preset function

SC 88 SD
Digital Steam Cooker

- Power: 800W
- 3 cooking pots with 6-9L capacity
- Steam emission in less than 40 seconds
- 90-minute timer and automatic keeping-warm function and water level indicator
- Preset function

SC 87 WD
Digital Steam Cooker

- Power: 800W
- 3 cooking pots with totally 6-9L capacity
- Steam emission in less than 40 seconds
- 90-minute timer and automatic keeping-warm function and water level indicator
- Preset cooking function

SC 86 W
Steam cooker

- Power: 800W
- 3 cooking pots with 6-9L capacity
- Start steam emission in less than 40 seconds
- Water level indicator

MC 500
Digital Multi Cooker

- Power: 1200W

- Lower / Upper removable baking pan
- Easy maintenance

MC 500 DS

MC 500 DGO

MC 300
Multi Cooker

MC 300 W

MC 300 BK

- Power: 1200W
- 220-240 V/50-60 HZ
- Lower / Upper removable baking pan
- Easy maintenance
- 3 colours

MC 300 S

DF 181 MBK
Mini Fryer

- Power: 1500-1800W
- Capacity of oil: 1.7L
- Food capacity: 1kg
- Heating temperature: up to 190°C
- Transparent lid for frying observation
- Digital timer and alarm beep
- Washable filter
- Lid opening leverage
- Black plastic body

DF 180 MBK
Mini Fryer

- Power: 1500-1800W
- Oil capacity: 1.7L
- Food capacity: 1kg
- Heating temperature up to 190°C
- Transparent lid for frying observation
- Mechanical timer and alarm beep
- Washable filter
- Lid opening leverage
- Black plastic body

DF 140
Mini Fryer

- Power: 900W
- Capacity of oil: 1.3L
- Stainless steel control panel & lid
- Washable permanent oil filter
- Cool touch exterior
- Basket with detachable handle
- Temperature indicator light
- Power-on light
- Variable temperature control up to 190°C
- Under floor heating element
- Teflon coated pot with pouring lip

DF 130
Mini Fryer

- Power: 1100-1300W
- Capacity of oil: 1.5L
- Food capacity: 1kg
- Heating temperature: up to 190°C
- Transparent lid for frying observation
- Washable filter
- Separable and washable pot
- Stainless steel body

Tea
Stations &
Coffee Makers

TS 270
Vertical Tea Station

- Power: 1800W
- Teapot capacity: 0.7L
- Kettle capacity: 2.5L
- Glass teapot and kettle
- 360° swivel cordless kettle
- Water level indicator
- Keep-warm function
- TS 170 WP: Porcelain teapot and tea filter

TS 260
Porcelain Tea Station

- Power: 2000-2200W
- Kettle capacity: 1.5L Max
- Pot capacity: 1L
- Keep-warm function after boiling
- Indicator lights for boiling and Keep-warm functions
- Especial space for placing the pot

TS 280
Vertical Tea Station

- Capacity : 1.5L
- Power: 1300-1500W
- Stainless steel heating plates
- Dry boil protection
- Automatically turns off when water boils
- With on/off switch indicator light
- Made of ceramics
- Keep-warm and select-temperature functions

TS 115 S
Tea Station

- Digital button with LED ring
- Capacity : 1.7L kettle , 1.5L teapot
- High temperature resistant glass kettle & teapot
- Four keep-warm temperature settings for tea or coffee

TSG 112 D
Digital Tea Station

- Power: 2000W
- Kettle capacity: 1.8L
- Teapot capacity: 1L
- Removable tea filter
- High temperature tolerated glass teapot
- Full automatic turn-off with dry boil protection
- Good quality controller, reduces limescale build up
- 360° swivel cordless kettle
- Five illuminative blue pilot lights
- Waterproof glass tray to avoid water penetrating inner parts
- High efficiency & energy saving, boiling water in few minutes
- Concealed heating element and easy cleaning

TSL 210
Digital Tea Station

- Power : 2400W
- Teapot capacity: 1.25L
- Kettle capacity: 1.7L
- 360° swivel cordless kettle
- Stainless steel kettle
- Temperature display and water level indicator
- Keep-warm function

TS 145
Tea Station

- Power: 1850-2200W
- Teapot capacity: 0.85L
- Kettle capacity: 1.7L
- Plastic kettle body
- Water level indicator

TS 140
Tea Station

- Power: 1850-2200W
- Teapot capacity: 0.85L
- Kettle capacity: 1.7L
- Plastic kettle body
- Water level indicator

TS 118
Tea Station

- Power: 1500–1800W
- Kettle capacity: 1.8L
- Teapot capacity: 1.2L
- Plastic kettle body
- Water level indicator

TS 118 W

TS 118 BK

CM 510 T
Digital Coffee Maker

- Power: 1000W
- Capacity: 12 cups
- Water level indicator and keep-warm plate
- Stainless steel body
- Coffee powder and bean usage
- Programmable timer

CM 209-209 T
Coffee Maker

- Power: 900W
- Capacity: 12 cups
- Water level indicator and keep-warm plate
- Stainless steel body
- Coffee powder and bean usage

CM 209 T

- Programmable timer

CM 209 T

CM 209

CM 208
Coffee Maker

- Water level indicator and keep-warm plate
- Coffee powder and bean usage

CM 210 BK

CM 210 S

CM 91
Coffee Maker

- Power: 900W
- Capacity: 12 cups
- Water tank capacity: 1.5L
- Water level indicator, keep-warm plate
- Coffee powder and bean usage

CM 91 BK

CM 91 W

CM 92
Coffee Maker

- Power: 900W
- Capacity: 1.8L (12 cups)
- ON/OFF switch, for easy operation
- Warming plate, for keeping the coffee
- warm inside carafe
- Cord storage
- Permanent filter is also available
- Water level indicator
- Anti-drip System

CM 92 BK

CM 92 W

CM 25
Coffee Maker

- Capacity : 240ml
- Power: 450W
- Includes 2 matching porcelain cups
- Removable filter basket
- Removable stand plate for easy cleaning
- On /Off switch with light indicator
- Includes permanent filter

CM 26
Coffee Maker

- Capacity: 240ml
- Power: 450W
- Includes 2 matching porcelain cups
- Removable filter basket
- Removable stand plate for easy cleaning
- On/Off switch with light indicator
- Includes permanent filter

CM 27
Coffee Maker

- Removable stand plate for easy cleaning
- Power: 450W
- Capacity : 0.2L
- Removable filter basket
- Removable plate for easy cleaning
- On/Off switch with light indicator
- Includes permanent filter

**Cleaning &
Ironing
Appliances**

ST 214
Steam Cleaner

- Max. power: 2000W
- Steam pressure: 4 bar
- Electrical pump and lid with pressure setting knob and steam trace level control
- 3 Displays including turn on, water shortage, steam ready
- Unlimited function by continuous system
- Separable elastic hose
- Separable water tank to be comfortably filled
- Weight: 4 kg
- Dimensions: 27x31x82cm
- Number of accessories: 9 pieces

ST 214 WS

ST 214 WBK

ST 214 GNBK

ST 260
Steam Cleaner

- Power: 2000W
- Steam pressure: 4 bar
- Dimensions: 27x31x82cm
- Continuously refill
- Electrical pump
- Flexible removable hose
- Number of accessories: 9 pcs

ST 260SW

ST 260SBK

ST 153
Steam Cleaner

- Power: 1500W
- Steam pressure: 2.5 bar
- Water tank capacity : 2.1L
- Powerful steam pressure with accessories to clean window, floor, sofa and so on
- Anti-residue stainless steel boiler
- Adjustable output steam
- Anti slippery feet and wide-angle wheels
- Separable water tank
- Transparent and detachable watertank

ST 133
Steam Cleaner

- Power: 1300W
- Steam pressure: 3.5 bar
- Water tank capacity: 0.8L
- Powerful steam pressure with accessories to clean window, floor, sofa and so on
- Anti-residue stainless steel boiler
- Adjustable output steam
- Anti slippery feet and wide-angle wheels

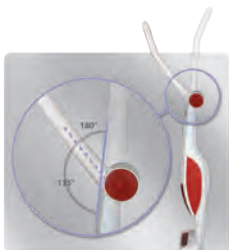

VC 210 Vaccum Cleaner

- IEC power: 1800W
- Max. Power: 2000W
- Capacity : 3.5 l
- Low noise level about 67 dBA (for 1800 W version)
- Multi-filter system with HEPA
- Power cord length: 8m
- Metal chrome telescopic tube
- Crevice nozzle, metal brush, round, sofa brush , cloth dust bag included
- Cloth dust bag included

RV 90 Rechargeable Vaccum Cleaner

- 2 in 1; stick and handheld using
- Two using angle is available: 135°, 180°, easy for cleaning desk under and corners
- Foldable with three locking points for convenient storage
- Long using time more than 20 minutes
- LED indicating when cleanr is on
- Charging indicator
- 12V or 18V Ni-Mh batteries (optional)
- Dust capacity: 0.6L
- Noise level less than 72dBA

SS 240
Steam Station

- Iron Power: 800W
- Station Power: 1400W
- Steam Pressure: 4.5bar
- Thermostat: NTC
- Auto-Off
- Anti-Calc
- LED illumination on Station Rest and Control Panel
- Stainless Steel Mesh Filter
- Functions: Dry/burst of steam/vertical steam/removable refillable 1000ml water tank/continuous steam/steam ready& low water level indicator/non-slip feet/soft grip handle/steam trigger lock
- Tourmaline soleplate

SS 220
Steam Station

- Iron Power: 800W
- Station Power: 1400W
- Steam Pressure: 4.0bar
- Thermostat: Adjustable
- Anti-Calc
- LED illumination on Station Rest
- Chromed Control Panel and rear cover of Iron
- Stainless Steel Mesh Filter
- Functions: Dry/burst of steam/vertical steam/removable refillable 1000ml water tank/continuous steam/steam ready& low water level indicator/non-slip feet/soft grip handle/steam trigger lock
- Tourmaline soleplate

SS 200
Steam Station

- Iron Power: 800W
- Station Power: 1200W
- Steam Pressure: 4.0bar
- Thermostat: Adjustable
- Functions: Dry/burst of steam/vertical steam/removable refillable 1000ml water tank/continuous steam/steam ready& low water level indicator/non-slip feet/soft grip handle/steam trigger lock
- Tourmaline soleplate

SI 270 T
Steam Iron with Titanium plate

- Power: 2000-2400W
- Steam emission: 127g/min
- Steam rate: 37.3g/min
- Special titanium soleplate
- Vertical Steam
- Auto safety turn-off
- Anti-calc system
- Anti-drip system
- Water Spray
- Soleplate heat indication by colour changes
- Self-clean function

SI 260 C
Steam Iron with nano glass plate

- Power: 2000-2400W
- Steam emission: 127g/min
- Steam rate: 37.3g/min
- Special nano glass soleplate
- Vertical Steam
- Auto safety turn-off
- Anti-calc system
- Anti-drip system
- Water Spray
- Soleplate heat indication by colour changes
- Self-clean function

SI 250 CD
Steam Iron with Tormalin plate

- Power: 2200W
- 4 way auto shut-off
- 2.1 -meter power cord with 360° rotation
- Self-Clean button
- Anti-drip and anti-calc system
- Tourmaline soleplate
- Functions: Dry, Steam, Spray, Burst, Vertical
- Soft touch Grip

SI 250 CM

Steam Iron with ceramic plate

- Power: 2200W
- 4 way auto shut-off
- 2.1-meter power cord with 360° rotation
- Self-Clean button
- Anti-drip and anti-calc system
- Tourmaline soleplate
- Functions: Dry, Steam, Spray, Burst, Vertical
- Soft touch Grip

SI 220 CD

Steam Iron with ceramic plate

- Power: 2200W
- 4 way auto shut-off
- 2.1-meter power cord with 360° rotation
- Self-Clean button
- Anti-drip and anti-calc system
- Tourmaline soleplate
- Functions: Dry, Steam, Spray, Burst, Vertical
- Soft touch Grip and digital temperature control

SPU 32
Steam Press

- Power: 2200W
- Automatic Pressure: 45Kg
- Teflon heating plate
- Dimensions: 865x255x645mm
- Pressing plate: 790x290mm
- Steam pressure: 50kg/cm
- Steam volume: 90-110gr/min
- EMC=Electronic Mineral Control System
- New design
- Electronic Security and Auto-off System
- Anti Scale Cartridge
- Cartridge lifetime indicator
- Powerful Bursts of Steam
- Steam ready in 2 minutes
- Automatic steam output, automatic pressure for perfect ironing result
- Removable water tank for refilling at any time
- Anodized heating plate with thermostat
- Pilot lead

SPU 26
Steam Press

- Power: 2200W
- Automatic Pressure: 45Kg
- Dimensions: 715x355x600mm
- Pressing plate: 655x250mm
- Steam pressure: 50kg/cm
- Steam volume: 90-110gr/min
- EMC=Electronic Mineral Control System
- New design
- Electronic Security and Auto-off System
- Anti Scale Cartridge
- Cartridge lifetime indicator
- Powerful Bursts of Steam
- Steam ready in 2 minutes
- Automatic steam output, automatic pressure for perfect ironing result
- Removable water tank for refilling at any time
- Anodized heating plate with thermostat
- Pilot lead
- Vaporizing system from up by a powerful generator

SPB 26 Steam Press

- Power: 2200W
- Automatic Pressure: 45Kg
- Dimensions: 715x355x600mm
- Pressing plate: 655x250mm
- Steam pressure: 50kg/cm
- Steam volume: 90-110gr/min
- EMC=Electronic Mineral Control System
- New design
- Electronic Security and Auto-off System
- Anti Scale Cartridge
- Cartridge lifetime indicator
- Powerful Bursts of Steam
- Steam ready in 2 minutes
- Automatic steam output, automatic pressure for perfect ironing result
- Removable water tank for refilling at any time
- Anodized heating plate with thermostat
- Pilot lead
- Vaporizing system from bottom by a powerful generator

SP 88 WD Steam Press

- Power: 1500W
- Steam burst function button
- ON/OFF switch
- Power indicator light (red)
- Press ironing indicator light (Green)
- Steam burst function ready indicator light
- Temperature control buttons

Food Processors

www.fellergermany.de

BL 140
Blender

- Power: 400W
- Scaled glass jar with 1.5L capacity
- 4 Speed setting selector (off/low/high and pulse)
- Strip stainless steel blade, suitable for chopping ice pieces
- Silver color

BLG 255
Blender & Grinder

- Power: 500W
- Scaled glass jar with 1.6L capacity
- 4 Speed setting selector (off/low/high and pulse)
- Very resistant stainless steel blade, suitable for chopping ice pieces
- Very powerful grinder
- Electricity automatic disconnection safety function
- Silver color

BLG 255

Grinder

BLG 55 R/S
Blender with Grinder

- Power: 500W
- Scaled glass jar with 1.5L capacity
- 4 speed setting selector (off/low/high and pulse)
- Very resistant stainless steel blade, suitable for chopping ice pieces
- Equipped with grinder and light diode display
- Electricity automatic disconnection safety function

Grinder

BLG 55 R

BLG 55 S

BL 230
Blender

- Power: 350W
- Scaled plastic jar with 1.25L capacity
- 4 speed setting selector (off/low/high and pulse)
- Stainless steel blender blade

BL 50
Blender

- Max. power: 600W
- IEC power: 500W
- 5 speeds plus pulse or stepless speed control
- Unique blender jar design for efficiency blending performance and safety pouring
- 1.5L plastic jar with feeding cup
- 5 speeds plus pulse or stepless speed control
- Unique blender jar design for efficiency blending performance and safety pouring
- 1.5L plastic jar with feeding cup

PJ 990 D
Power Juicer

- power: 800W
- Juice cup available
- 84mm diameter feed chute-great for whole fruits
- LCD speed display panel
- Stepless speed control switch
- 1000 watt powerful and durable motor
- Full stainless steel housing

PJ 855 D
Power Juicer

- Power: 800W
- Big pulp container with 2L capacity for enduring use
- 5-Speed digital motor
- Efficient container brush, stainless steel filter
- Stainless steel body
- Motor speed and temperature LCD display

PJB 801 S
Power Juicer

- Power: 800W
- Stainless steel micro mesh filter basket
- Safety interlocking switch stops juicer from operating without cover being locked into place
- Safety side lockers
- Stainless steel blade

PJ 660
Power Juicer

- Power: 600W
- Pulp container capacity : 2L
- Very large feeding spout size: 75mm
- Continuous speed control system with rotating button
- Separable stainless steel blade for easy cleaning

PJ 145
Power Juicer

- Power: 400W
- 1.2L pulp container
- Overheat protector with safety lock
- Unique detachable parts for easy cleaning and placement
- 65 mm diameter of feeding tube available for juicing whole carrot, apple, pear etc
- Transparent lid and non-slip rubber feet
- Two speed control sections
- Medium-sized design is more choices available to consumers

PJ 145/BK

PJ 145 / W

PJB 100
Power Juicer

- Max. power: 400W
- Easy-pour 1 liter juice jug with froth separator
- 1.8 liter large capacity pulp container
- Removable stainless steel blades for easy cleaning
- For whole fruits and vegetables–no chopping required
- Optional accessory: blender, chopper, grinder and slicer

PJ 95
Power Juicer

- Power: 300W
- Juice capacity: 550 ml
- Pulp container: 1.5L
- 2 speed levels with pulse control
- Special pusher for fruits and vegetables
- Transparent lid and stainless steel net filter basket

CSD 95
Double Citrus Squeezer

- Power: 90W
- Plastic inner cutting blade
- Two juicing cones
- Superior operation, juicing 6 oranges in 60 seconds

CS 190
Citrus Squeezer

- Power: 85W
- Two cones for lemon and orange
- With dust cover
- Anti-slip ring on the bottom of body
- Noiseless extraction while operating
- Stainless steel housing and pulp filter
- Stainless steel spout with anti-drip function

CS 85
Citrus Squeezer

- Power: 85W
- Stainless steel pulp filter and container
- 2 Heads for juicing different citrus
- Low-sound engine
- Separable parts for easy washing
- White/silver color

FP 1500
Food Processor

- Power: 1000W
- 1.4L liquidizer
- Food processor bowl capacity: 2L
- Variable speed plus pulse
- Integral carrying handles
- Full safety interlock
- Extra-wide feed tube
- Stylish plastic housing with stainless steel panel

FPB 280
Food Processor

- Power: 700W
- Big mouth food processor- great for slicing whole tomatoes, cucumbers, potatoes and more Powerful 700 Watt motor
- 3.5l high-performance processing bowl
- Chopping blade
- Slicer coarse and fine
- Shredder coarse and fine
- French fry, doughing
- Extra large 1.8L blender jar
- 2 speeds plus pulse
- Double safety switch

FPB 260
Food Processor

- Power: 700W
- Bowl capacity: 3.5L
- Jar capacity: 1.8L
- Big-mouth food processor- great for slicing whole tomatoes, cucumbers, potatoes and more
- Drawer design to save stainless steel blades
- Chopping blade
- Slicer coarse and fine
- Shredder coarse and fine
- French fry, doughing
- 2 speeds plus pulse
- Double safety switch

FPB 240 S/S
Citrus Squeezer

- Power: 500W
- Bowl capacity: 2L
- Jar capacity: 1.5L
- Multi functional: chopping, slicing, fine grating, coarse grating, doughing, emulsifying and citrus juicer.
- 2 speeds plus pulse or stepless speed control.
- Double safety switch.

FPB 210
Food Processor

- Power: 500W
- Food processor bowl capacity: 2.3L
- Various functions: juicing, doughing, chopping, cutting and grating
- Low-sound motor
- 2 speeds plus pulse control
- 6 different blades to facilitate users different needs
- Stainless steel switch panel
- Safety system
- Accessories available

Accessories

FP 210
Food Processor

- Power: 500W
- Food processor bowl capacity: 2.3L
- Distinctive low noise with high efficient functions
- 2 speeds plus pulse control
- Multi functional-citrus juicing, doughing, chopping, slicing, shredding and grating
- 6 different blades to meet your various requirements
- Stainless steel switch panel
- Safety system

MG 800
Meat Grinder

- Power: 850W
- 8 grinding head
- Modern & elegance switch panel
- ON/OFF, high/low touch speed
- Reverse switch
- Light background around the button
- Stainless steel blade & head
- Cutting disk storage
- AC motor

MG 600
Meat Grinder

- Input power: 600W
- Max. Power: 3000W
- Easy-fastening screw ring made of aluminum alloy
- Including cable housing
- Cutter blade made of stainless steel
- Anti-slip feet made of rubber
- Sausage & kibbe maker
- Reverse-spin button

MG 355
Meat Grinder

- Power: 700W
- Max. power: 3000W
- IEC power: 500W
- 8 grinding head
- 3 speeds plus pulse control
- Reverse switch
- Separate mixing and food processing function
- Plastic 1.5L mixing bowl with safety lid lock
- DC motor

MG 355 W

MG 355 BK

HM 815
Hand Mixer

- Power : 800W
- 2 speed control
- Changing speed control (5 modes)
- LED blue light
- DC powerful and low-sound motor
- Narrow and easy to use handle
- Solid stainless steel blade

HM 815 W

HM 815 BK

HM 400
Hand Mixer

- Power: 400W
- Voltage: 220-240V
- Frequency: 50-60Hz
- Stainless steel blade
- Five speed settings
- Eject button for releasing attachment

HM 810
Hand Mixer

- Power: 800W
- LED blue light with 2 speeds, one speed with Turbo function
- Slim ergonomic easy to hold handle
- With Chromed front panel & Ring for stylish outlook
- With release button for easy assemble
- Injection color for Plastic motor housing
- Strong stainless steel blade & leak-proof ring

KM 700
Kitchen Machine

- Power: 700W
- 4.5L brushed stainless steel bowl
- Full metal gear system for perfect mixing and heavy duty
- Three mixing tools (whisk, beater & dough hook)
- Variable 8 stepless speed and pulse function
- Pop-up head lift

HM 107
Stick Blender

- Power: 170W
- Voltage: 220-240V
- Frequency: 50-60Hz
- One speed setting
- Stainless steel blade

EG 130
Electric Grinder

- Power: 130W
- Capacity: 40gr
- Transparent lid
- Pulse mode
- Detachable coffee container
- With spice grinding attachment
- Cord retractable
- Stainless steel blades

IC 80
Ice Cream Maker

- Power: 100W
- Capacity: 1.5L
- Compressing chilling
- Separable aluminium bowl
- Easy operation
- Ice cream processing in 40 Min
- Desired flavour selector
- Ice cream recipe book

HM 235
Stick Blender

- Power: 300W
- With chopper and whisk attachments
- Plastic body with stainless steel blade
- Detachable blending rod
- Optional-accessories: mixing cup and wall rack including

EG110
Electric Grinder

- Power: 150W
